

# Map Making in Rang a Dó!

We learned all about maps!

We drew our own maps which included  
roadways, water and green areas.

We used symbols to make a key for our maps.

It was hard work but our maps are brilliant!

We had to think about the layout of the  
buildings and services.

We had to colour each part of the map.

We had to match our  
symbols to the key  
and name them.
